# Land Division or Combination

For Property Divisions (“Splits”) and Combinations, the Assessor’s Office requires from the property owner the following:

- 1) Completely filled out and signed **Land Division Application**. The form may be filled out by an owner, legal representative, associate, attorney, realtor, etc., BUT *must be signed by one of the owners or legal representatives*. More documentation and clarification are often necessary such as for the review of new construction sites, new subdivisions, etc.
- 2) A legal description of each existing “parent” parcel (or parcels) involved and new legal descriptions of each proposed resulting “child” parcel (or parcels) that will be created. The typical practice, which is strongly recommended and often required for the site review, is that a **survey** be performed and submitted along with the application. For Zoning/Building review, the survey should include any existing or proposed building locations on the premises, driveways, fences, easements, etc.

**\*Note – The new “Child Parcels” created from a property split or combination are recognized and brought on to the tax roll in the year following the request.** As “Tax Day” every year is December 31st, whatever the property looked like on that day is how it is assessed for the upcoming year.

**All tax bill pro-rations are the responsibility of the parties involved in the sale.**
